**June 30, 2022**

**FINANCIAL STATEMENTS**

**Controller's Notes**

- [a]** Operating income continues to nearly match budget, even though the largest pledger paid their pledge in full in May. This bodes well for the continued commitment of your congregation. Income for June also includes use of \$2,842 from the Missional/ Congregation Development grant, primarily for visioning consulting.
- [b]** As a reminder, we are accruing an estimate of Brian's compensation package due to the Diocese in acct 6411 Vicar Stipend. We have yet to receive a bill from the Diocese. Once we have received that we will be able to confirm the amount we are using and decide if we want to break it out between accounts (e.g.; health insurance, pension).
- [c]** Workers compensation is recorded as negative \$17 because a refund was received following audit of the 2020-21 premium. In a couple of cases (Computer HW/SW and Altar Supplies) the entire annual budget amount has spent. Both lines are periodic/irregular type expense areas and therefore the fact that the whole budget is used does not mean we will spend double the budget in completing the second half of the year.
- [d]** Due to the strength of operating income and well controlled spending, net operating income is at \$22,072 for the year-to-date (about \$30k better than projected).
- [e]** Overall (including both operating and non-operating income and expenses), the Church is reporting a net loss of \$14,655. This is due to unrealized market losses. If we do not need to sell investments, the Church will have the opportunity to participate in market recovery, so the main impact of the market losses is to put pressure on the Church to manage cash.
