

Sr Warden's Report May 2022

Formation

We are assessing new adult formation programs while continuing to offer Congregational Listening sessions structured around various issues. May 1st we held a Congregational meeting providing an update on the recent location survey and our search for a permanent location. Godly Play continues to meet limited times based on the availability of Story Tellers and if there are children present on Sunday.

Outreach

Wounded Warriors and All Saints both continued their respective ministry's. We choose Camp Stevens Camperships as our June Outreach project, information to be included in the first June newsletter and the first June worship service.

Visioning Ministry

The Visioning Ministry team met May 1st following the Congregational Meeting. We reflected on the congregational meeting, the location discussed and considered steps/timelines necessary should we decide to move forward with the property. We then moved into our SWOT analysis, brainstorming and narrowing down our top 3-5 goals in each area. We then picked five top Goals for further work. The VT was convened with assignments of being broken into smaller working groups that would craft SMART objectives for assigned Goals to bring back to the next VT meeting on June 5th.

Worship

Joey Aszterbaum continues to lead us in worship music. Rev. Brian has reached out to Joey Pearsen, OSC, about offering additional music but we have yet to coordinate. No new visitors in May.
