

PARENTS HELPING PARENTS

A NEW SUPPORT GROUP FOR PARENTS AND CARETAKERS OF KIDS
WITH DIFFERENT NEEDS

We are parents just like you, managing unique daily lives, schedules and stressors. We're looking to create a positive community space where we can connect, ask questions, share strategies and experiences and generally feel better educated and equipped to take on the next day.

Meetings are free to attend and inclusive of all diagnoses.

We're doing everything we can for our kids, but parents need help too!
