Director Highlights

By: Linda Mitchell, Director

Right now, I am sitting at my desk reflecting on our world and everything that is going on around us.

I think about the young girl and her boyfriend down the hall from me right now. They are talking with one of our counselors about their desire to have an abortion. I am thinking about the girl who is waiting in the lobby. I am thinking about thinking about the three young women who came in yesterday, with hard situations and conflicted hearts. Abortion is often on their minds.

I close my door. I pray. My advocate sometimes feels all alone in the counselling room. The client feels alone. But.... the One who we serve goes before us and behind us. He is God who sees, and He has brought every one of these women, men, and unborn babies through our doors for an

Our plan is to keep doing what we have always done and stay true and resolute to the mission of Daybreak.

Daybreak Pregnancy Resource Center demonstrates the Truth and unconditional love of Jesus in a safe and confidential love of Jesus in a safe and confidential environment to women, men, and families experiencing pregnancy or the effects of sexual relations ships.

Unplanned pregnancies will always be a part of a fallen and broken world. High -risk pregnancies, infant mortality, neglect, and abuse will escalate in a world where unplanned pregnancy must continue. So t Today and tomorrow and the day after that, we will do what Jesus did.

Jesus met the people where they were. He met the confused. He met the broken. He met the sinner. He met the angry. He met the women caught in adultery. He met each of them at their time of need. So will we. We will meet them at their unplanned pregnancy.

In closing, I Want to leave you with this “takeaway truth.” Daybreak is a place that advocates for the unborn, the moms, the dads, and the family unit! We serve all lives that walk through our doors to find a future of hope and promise.

Until the day the unborn aren’t at risk, a pregnancy is always within the confines of marriage, a woman is always safe, a man into being the father of his children, and the family is not broken apart by the effects of sin... that will be the day when a place like Daybreak will not be needed or exist

So...until the day of Jesus’ return, you will find Daybreak over here serving for the cause of Christ.

My Daybreak Story: Amelia

Amelia walked in Daybreak May 2024 when she was pregnant with her first child. She knew she needed to learn more about being a mom and taking care of her baby. She was so excited to hear that the Parenting classes were going to offer credits to earn supplies, furniture, car seats, and the necessities to be prepared for her new baby.

The team at Daybreak has seen Amelia's unwavering desire to continue her parenting skills and her walk with the Lord. She would tell you that life still hasn't been easy, but Amelia has been faithful, resolute, determined, and dedicated to her family and her personal growth through all obstacles that she and her husband have faced.
