

WELCOME

The **North Coast Tourism Management Network** (NCTMN) enhances healthy, collaborative, sustainable relationships between coastal visitors, residents, and the environment.

We champion the value of tourism for our local economies while striving to minimize negative impacts of visitation and help guests become excellent stewards of the coast we call home.

We assist tourism organizations, industry stakeholders, and network participants to increase the economic, social and environmental benefits of tourism in the region.

We connect Tillamook and Clatsop counties through projects and conversations that bridge our region and overcome funding restrictions that limit individual organizations' impacts.

TODAY'S AGENDA

10 A.M.

- **Introductions**
- **Network Updates, Impact Areas:**
