

GUEST SPEAKER

Nicole Middendorf

When Nicole was on a plane to Las Vegas (her goal being to drive a race car), she shared with the gentleman sitting next to her that she was committed to accomplishing one thing on her bucket list every month. After sharing, he thought Nicole was dying.

The man's assumption made her wonder: Why do we have to wait until we are dying to do the things we've always wanted to do?

The Live It List became a movement, and Nicole will be sharing how you too can create your own list and accomplish all you want while living to the fullest.
