

# EdPath Success for Community College Students

The **EdPath Success Study** is looking for community college students wanting support for completing their studies and exploring teaching careers.

If you are at least 18 and are enrolled for fall 2025 at El Camino College, you may be eligible to participate in a program and research study exploring how you improve academically when you receive support from a community of educators.

If you enroll in the study, you will be randomly selected for one of two groups: either (a) the “program plus research study” group or (b) the “research study only” group. “Research study only” students do not participate in the program, but they still contribute to the research. Both groups get compensated!

Detailed information on the program can be found at [edpathstudy.WestEd.org](https://edpathstudy.WestEd.org) or on the reverse side of this flyer.

**Get paid** to be in a research study about student success! Scan the QR code or use the link below.
