## Commercial Building Permit Application (SAMPLE PROCESS)

## APPLICATION INSTRUCTIONS

### APPLICATION

Provide the Master Plan Permit Number, if applicable:

**Clone from Master Plan**

\* What is your relationship to this permit?

Owner  
 Tenant  
 Equitable Owner  
 Professional / Tradesperson

BILLY PENN CONSTRUCTION CO

Were you able to find the Design Professional you were looking for?

Yes

No

Please enter the name of the Design Professional responsible for the project:

Alan Architect, AIA

\* What type of work will be done?

Entire Building/Structure

What type of structure is proposed?

Other

Number of Units: 12

\* Provide a detailed description of work:

WEDNESDAY TEST PERMIT # 1  
MIXED-USE BUILDING, 12 UNITS RES, 1 COMM  
ACCELERATED REVIEW

[+]

[-]

Please select the Review Type you wish to request for this Application:

- "Standard Reviews" are typical for all Applications for Permit and are completed by the Department within standard review times.
- "Comply with EZ Standard" are typical for very limited work as set by the Department with agreement to further Terms and Conditions.
- "Accelerated Reviews" allow for the Department to complete reviews within a reduced time frame provided you pay any associated Accelerated Review Fees as set by the Department. For more information regarding Review Types and Application Fees please refer to: [\[LINK\]](#)

## CONSTRUCTION AREA

Please provide the work areas associated with the Application in the below fields to ensure accurate fee calculation for the Residential Building Permit based on the following description:

- **Area of Disturbance (sq. ft.):** This is the area of all site clearing, grubbing, or excavation that results in the existing covering of the site soils to be removed/disturbed
- **Gross Floor Area of Additions (sq. ft.):** The sum of floor areas of all stories that are part of the Building addition, including any basement and occupied roofs
- **Gross Floor Area of Alterations (sq. ft.):** The sum of floor areas of all stories that are part of the Building alteration, including any basement and occupied roofs
- **Gross Floor Area of New Construction (sq. ft.):** The sum of floor areas of all stories of the proposed Building, including any basement and occupied roofs

Any incomplete or incorrect information provided at this time may result in the delay of Permit Issuance or additional reviews by L+I or other City of Philadelphia Departments.

Area of Earth Disturbance (sq. ft.):

New Construction Area (sq. ft.):

## PROJECT COSTS

Please provide the Cost of Work for each construction activity associated with this Application. At a minimum, you must provide the Cost of Work associated with the general construction work proposed under this Application. Cost of Work values to Trade Permits are optional at this time.

Electrical Cost of Work:

Fire Suppression Cost of Work:

Mechanical / Fuel Gas Cost of Work:

Plumbing Cost of Work:

\* General Construction Cost of Work:

Building Cost of Work:  Calculate

## \* OCCUPANCY

Please provide the Occupancy Classification(s) and Construction Type(s) associated with the work proposed under this Application in the below grid. Within the same table you must list the gross floor area in square feet of each story and specify whether or not such story is to be protected with an automatic sprinkler system. For more information regarding Occupancy Classification(s), Construction Type(s) and whether or not an automatic sprinkler system is required please review the applicable sections of the Philadelphia Building or Existing Building Codes.

+ Add Occupancy

| * Occupancy Type               | Construction Type                        | * Square Footage | Floor  | Sprinklers?   |
