The Department of Health launches CORONA Survey

OLYMPIA – The Washington State Department of Health (DOH) launched the Community Recovery-Oriented Needs Assessment, or the CORONA survey. The survey is an effort to assess the behavioral, economic, social, and emotional impacts and the needs of communities across the state as a result of the COVID-19 outbreak.

The CORONA survey results will inform immediate, long-term, and ongoing actions that DOH and local health jurisdictions can take to address the impacts of the COVID-19 outbreak on Washingtonians.

In order to appropriately and equitably inform recovery plans at the state and local levels, DOH is requesting residents from across Washington to go to www.wacoronasurvey.com to take part in the survey. (To take the survey by phone, call 855-530-5787—interpreters are available to assist.)

The survey is voluntary and confidential. At the end of the survey, participants will be given the option to provide their name, phone number and/or email address. Each week of the survey, three participants will receive a \$100 Amazon.com gift code as a thank you for their time and participation. If you have additional questions about the CORONA Survey, you can call the Washington State Department of Health at 1-800-525-0127.

Learn more about reopening and the statewide response to COVID-19 at coronavirus.wa.gov.

Individuals can also find COVID-19 information on the [Department of Health's website](#) or call 1-800-525-0127. Individuals can text the word "coronavirus" to 211-211 to receive information and updates on their phone wherever they are.

The Department of Health works with others to protect and improve the health of all people in Washington State.
