

Greetings,

It's already time for our second "Village on the Green", coming up next Wednesday, July 13th. The theme of this event is "Amplify Her" and we want to bring attention to the creative, dynamic, artistic and entrepreneurial women/women-identifying folkx here on Orcas Island. This series of Wednesday evenings is co-sponsored by Leadership San Juan Islands (LSJI), OrcaSong Farm and San Juan County Parks. Our initial funding came through generous support in the OICF GiveOrcas Spring campaign.

Our theme comes from the film of the same name, produced by Nicole Sirochon and Ian MacKenzie. We'll be screening "Amplify Her"- a really engaging and inspiring story about female DJs and in the Story Tent, beginning at 8:45 PM.

The Resource FAIR

Resource F.A.I.R. (*F* FAMILIES - *A* ACCESS to resources - *I* IMPACT on the community - *R* RELATIONSHIP) is a marketplace for local organizations to share and showcase what they are doing in our community. Non-profits, practitioners and teachers, artists and others are welcome to share their offerings. We do not permit sales or donations, it's a community-connection space.

We look forward to ORS/The Exchange, Irthlingz and Hospice of the Northwest joining us again this month. ***And we'd love to invite others to bring a table or tent.***

If you lead an organization in Eastsound, and would prefer to **hold an OPEN HOUSE**, that's possible, too. We could arrange a "WALK ABOUT" between 6:00-7:30 PM.

And we know that many of our Eastsound businesses are owned/co-owned by amazing women and we'd love to shine the lights on you, too. Maybe you'd like to stay open later on July 8th... it's a pop-up party and we are open to your ideas!

Set up begins at 5:00 PM with the public warmly welcomed at 6:00 PM. The Resource FAIR runs til 8:00 so you'll have time to visit and still catch the film.

TO PARTICIPATE: Please complete this Google Form <https://forms.gle/eSeEyrqdvU7QCMC9A>
