The ideal Roses shop employee: We take food and wine very seriously. When we're not talking about them with customers, we're talking about them amongst ourselves. We're looking for individuals to join our shop team that share this passion and, more importantly, have a strong desire to learn. Our ideal team members are self-motivated--there is always stock to put away, displays to refresh, cleaning to do--and should not necessarily need direction to identify the tasks that need to get done. You must have attention to detail and possess composure under pressure--our customers' experiences are very important, and we want everyone to feel warmly welcomed and well taken care of. We are looking for reliable, responsible year-round employees to grow along with Roses.

Why you want to work at Roses: ● Competitive wages and shared tips ● Fun, fast paced environment ● 20% employee discount off all grocery, merchandise, and restaurant orders ● Access to top of the line products ● Frequent opportunity to taste wine ● Ongoing food product and wine education ● Great hours leaving your afternoons and evenings free
