

# F2C GREENHOUSE GIVE 2019

Farm to Cafeteria is seeking matching donations to launch a gofundme campaign in April, to build a lasting greenhouse in the heart of our beloved garden.

**kit total \$8,224**

April -  
gofundme  
campaign

**\$4,500**

March-  
matching  
donations

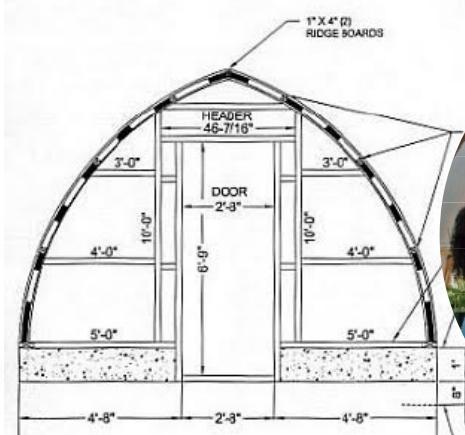

**\$4,500**

Existing funds will  
be used for labor,  
accessories,  
permit, etc.

Winter winds deconstructed our temporary greenhouse, a 12'x24' gothic arch structure of recycled plastic that lasted 2 years.

Our desired kit, undergoing permit process now, is identical in shape and size to our temporary, but made with hard polycarbonate walls and Cypress arches, guaranteed to last 10 years. [www.gothicarchgreenhouses.com](http://www.gothicarchgreenhouses.com)
