

Community Conversation

Everyone Welcome! Join us for a Community Conversation & Orcas Food Co-op Annual Meeting! Sunday, March 10, 4:30-7:00 pm. Odd Fellows Hall

Come join us for an engaging conversation about how we can use the cooperative model to create a more equitable and sustainable economy in the Islands and beyond! We will also unveil the Orcas Food Co-op 5-year Strategic Plan! Kids welcome. We'll have a coloring station set up. Healthy snacks and refreshments will be provided by the Orcas Food Co-op deli.

Learner Limbach, Orcas Food Co-op GM, will share what he learned during his recent visit to Denmark and Spain, including an exploration of one of most successful examples of cooperative economy in the world, the worker-owned Mondragon Cooperative in Spain. We will then have a facilitated community conversation to explore the topic and share ideas.
