

OPENING FRIDAY AT CROW VALLEY GALLERY

New Work by Shawna Franklin *"Botanica"*

Shawna Franklin is a local artist who has inspired Orcas Island for many years with her spirited linoleum cuts, paintings, monoprints, and more. This show features something totally new and different - a collection of classical-style botanical drawings and paintings that are the main body of work from her studies at the Society of Botanical Art in London, UK. The SBA Diploma Learning Program is a highly sought-after certification program designed to help students of botanical art learn the methodology of this classic art form. Shawna's lovely pieces, all beautifully framed are hung in the waterfront gallery room at Crow Valley Gallery. Stop by to take in this beautiful medium of botanical art!

The show opens this Friday, June 17th.

Crow Valley Gallery is open every day from 10 to 5

296 Main Street 360-376-4260
