

Lindsay Anders Reia is a local artist based out of Orcas Island and works primarily in watercolor and oil paints. Her current works consist mainly of vivid abstracts and delicate florals and portraits which seek to explore the intensity of raw emotions and the impermanence and beauty of life on earth. A collection of Lindsay's abstract works are on display at Washington Federal bank in Eastsound for the month of April. Many of her works can also be found on her website at [www.andersreia.com](http://www.andersreia.com).
