

## Housing search for new employee

Our business Printshop Northwest is growing, and we recently hired a general manager, Erica Hanson (Cc'd). Erica is moving to the island from Seattle. As I'm sure all of you know, housing on Orcas is a challenge! That's why I'm reaching out to my island contacts to see if anyone might have any leads for housing starting February 1st. (or sometime this Spring). Erica would be very low impact. She's a single person, tidy, responsible with a great new job! ;) Here's a write up that she did recently:

Looking for a studio, 1-2+ bedroom, MIL, cottage, or house to rent. Able to sign a yearly lease. Taking a new job on Orcas to begin in February. I have great Orcas Island references, as well as Seattle, where I own a home, which will also be for rent. (Happy to send photos). I am meticulously tidy, responsible, organized, quiet, mature and low impact. Either furnished or unfurnished will work. My budget depends upon what you have to offer. Thanks for any leads and for considering my inquiry!

Thank you for your time. If you know of anything you can either reply to me, or reach out directly to Erica. [ericahanson@mac.com](mailto:ericahanson@mac.com)

Feel free to send this message along to anyone that you think might have a lead.
