

Hello from ORCASONG

Hope Is Never Silent: Honoring A Hero of The LGBTQ+ Community

Harvey Milk Day is May 22nd. Here at the farm, we're celebrating the profound impact the first openly gay public official made on the world. Harvey Milk had a dream for a better tomorrow filled with the hope for equality and a world without hate. His groundbreaking election as one of the world's first openly gay elected officials symbolized the freedom to live life with authenticity to millions of people around the world.

Harvey served less than a year in public office before his brutal assassination, but his life profoundly changed a city, a state, a nation, and the global community. His courage, passion, and sense of justice rocked our country and stirred the very core of a sidelined community, bringing forward new hope and a new vision of freedom. He showed us all what one person, standing up loudly and clearly, against a fierce societal fear and prejudice can accomplish.

SAFE & CALM

No More Dry Hands

We have all been washing our hands lately. A lot. The message cannot be more clear. Washing hands is an important and essential part of staying healthy.

But how is all this washing treating you and your skin? We think it is time to take this hand washing thing to a whole new level of therapeutic goodness! That is why we decided to bring the blissful experience of our farm botanical fields to you with our newest product.

UPGRADE YOUR HAND SANITIZER

A Little Bit Of Hand Sanity

While washing your hands with soap and water is always the preferred method of cleansing (the CDC calls it the "do-it-yourself" vaccine because of how drastically it protects against illness), we don't always have access to a sink. That's where hand sanitizer comes in - and thankfully we have developed a formula that kills germs without sacrificing the texture and feel of your hands.

Our Lavender Hand Sanitizer will leave your hands feeling soft and smelling like you just ran through a lavender field.

FARM LIFE

Planting A Rainbow

We have entered another beautiful harvesting season here at the farm. Our current outlet for selling our produce is through the online ordering system of the San Juan Islands Food Hub. Mondays have become our harvest day and this week there was a nice variety to harvest. We harvested spring mix, mustard greens, radishes, bronze fennel, chocolate mint, spearmint, chives, rosemary, and bay leaves. We have cut our baby lettuces from the same bed three times now and it continues to grow back nicely.

THE DIVAS

Girls On Grass

Have you met our Divas yet? These Girls on Grass are both fun and sassy. Shakira's feathers don't lie, and Gwen ain't your Hollaback Girl. Click below to see which Diva we call the "Songbird Supreme".

Get our amazing eggs exclusively through the San Juan Islands Food Hub. Shopping opens up every Thursday and goes through Sunday evening. We recommend you get your orders in sooner than later though, we are consistently selling out.

Self-Care That Cares for Others

Our products are not only therapeutic goodness, but they also help to support our Not-For-Profit, Women-Led, LGBTQ+ Owned and Managed, Organic, Community-Driven Farm and its Climate-Resiliency Education Initiative.

Since the creation of our Lavender Hand Sanitizer in early March to now, your support has allowed us to keep our team together. It has also allowed us to extend that support into the community with employment opportunities and donations to those in need. We invite you to take a look at what we are doing here at the farm, we believe in our contribution and thank you for believing as well. From our fields to your home, we put love and pride into each batch of hand soap and hand sanitizer we produce. Our team high fives you from afar!
