We are currently accepting applications for maintanence and engineering person. This could either be a three month contract position or a year-round full time position. Candidates should have a core knowledge of construction and general property maintenance, including; painting, tiling, landscaping, basic plumbing, electrical and carpentry. We are looking for someone who is organized, methodical, and willing to continuously research and learn new skills as challenges come up. This is a broad position that will perform a variety of work. Limited housing may be available for qualified candidates. While single occupancy is preferred, a couple may be considered if they don't mind sharing a small space and if the partner is also qualified to work at the hotel or restaurant. Please send your resume, and examples of recent work to orcascafe@gmail.com Thank You
