

Life radically changed in the last month, and no one was left untouched by the effects of the Coronavirus. Along with our neighbors and friends, the staff members and clients of SAFE San Juans have been radically impacted. SAFE San Juans is a community-based nonprofit agency serving San Juan County residents and visitors who have experienced domestic violence or sexual abuse. We are continuing to provide all of our services while paying close attention to San Juan County Health Department guidelines. In order to maintain appropriate working distances, we are limiting the number of clients in each office to one at a time and maximizing our use of phone and video interaction. Please call for an appointment if you would like to receive services. Eastsound: 360-376-5978, Friday Harbor: 360-378-8680, Lopez Village: 360-468-3788. [www.safesj.org](http://www.safesj.org)
