Take 25% off our Lavender Essential Oil & Lavender Hydrosol! Use Code  
LAVENDER25 at Check-Out

Lavender is a fighter and a peace-keeper. Lavender's benefits extend far beyond just imparting a soft, floral smell. In fact lavender is also known to help with some things that most of us are dealing with right now: mental health and immunity. Lavender is known to contain antibiotic, antiseptic, disinfectant, antiviral and anti-inflammatory properties. It also may promote a calm mind, soothed nerves, and a more positive outlook. We organically grow our Lavender right here at the farm and then distill it ourselves by hand.

Sale begins 12am Friday, Sept 18 and ends Monday, Sept 21 at Midnight

## *More Lavender, Lavender, Lavender* Products We Love

A photograph of two women, Farmer Carolyn and Farmer Sam, harvesting lavender in a field. They are both smiling and high-fiving each other. The woman on the left is wearing a purple long-sleeved shirt and the woman on the right is wearing a pink long-sleeved shirt and a blue cap. They are standing in a field of lavender plants with a forest in the background.

FROM FIELD TO BOTTLE

### See How We Harvest, Distill & Bottle Our Lavender Extracts

Watch how we create hydrosol and essential oils from our freshly harvested Lavender. These farm extracts are also used as ingredients in many of our botanical creations like our hand sanitizer and hand soap.

Watch Farmer Carolyn and Farmer Sam harvest the fields, Farmer Sally explain the distillation and Farmiana bottle the fresh Lavender Hydrosol in our From Field To Bottle Video.

INFUSED WITH FARM-GROWN AROMATHERAPY

## Moisturizing Hand Soap

Our senses impact how we feel, so we enhanced our Hand Soap with the therapeutic natural aromas of organic botanical extracts. Our farm-grown, Organic Lavender Essential Oil and Organic Chamomile Hydrolat add relaxing properties. We couple those with the intoxicating and vibrant ambiance of Sweet Orange Essential Oil to quickly refresh, re-energize and uplift the mind while leaving a delightful, lingering fragrance.

This soap is 20 seconds\* of pure aromatherapy bliss (\*Recommended duration—but feel free to wash longer). Your Do-Good Hands are Safe + Moisturized + Smelling Like Flowers.

FROM OUR FIELDS

## Skin-Softening Lavender Hand Sanitizer

Our Lavender Hand Sanitizer is high quality protection for your skin. It not only works (kills bad stuff) but also makes your hands soft and smell beautiful (like running through a Lavender field). Most importantly, it can be delivered directly to your door.

Formulated by our team with organic ingredients and plant-derived moisturizers, this sanitizer is made with you in mind. Use with abandon.

STAY AWHILE

## Relax On The Farm

"This was exactly the trip my family needed at this time. OrcaSong was a super comfortable place for us to stay while we kayaked and hiked beautiful Orcas Island. Full kitchen allowed us to easily cook all of our meals (minus the daily trip to Clever Cow Creamery for ice cream). Loved all the places to sit while soaking in the sun or seeking shade. Our dog was in heaven." - Angela, Seattle, WA

## Self-Care That Cares for Others

Our products are not only therapeutic goodness, but they also help to support our Not-For-Profit, Women-Led, LGBTQ+ Owned and Managed, Organic, Community-Driven Farm and its Climate-Resiliency Education Initiative.

Since the creation of our Hand Sanitizer in early March to now, your support has allowed us to keep our team together. It has also allowed us to extend that support into the community with employment opportunities and donations to those in need. We invite you to take a look at what we are doing here at the farm, we believe in our contribution and thank you for believing as well. From our fields and forests to your home, we put love and pride into each batch of hand soap and hand sanitizer we produce. Our team high fives you from afar!
