

The Orcas Center and OHS Arts would like to invite you to come and celebrate the brave new voices of OHS Arts. Young voices in the Arts from Orcas Island High School will have an official visual arts opening on Friday, May 6th in the main lobby room of The Orcas Center. The show will feature work by various student artists from basic to Advanced Placement level. More than just a chance to hang art on the wall, the opening will also be an opportunity for these artists to converse and engage in a Q&A session with viewers in attendance about the work.

Refreshments provided!
