

LEADERSHIP

SAN JUAN ISLANDS

2017 marks the 13th year of the **Leadership San Juan Islands (LSJI)** program, a local leadership training course that helps introduce islanders to the interconnecting “systems” that make up daily life throughout the county. During the sessions participants meet with current leaders and professionals, discuss and interact over local issues, visit key locations throughout the county and practice valuable facilitation and leadership skills. Join us for a local event below to learn more and see if LSJI is for you.

You are invited to an
