ECOPRO TRAINING & CERTIFICATION, VIRTUAL

October 27 - 30, 2025 from 9:00am to Noon

Cost: \$195. Register now at WSNLA.org/events

Group discount available when registering 3 or more from same business.

The ecoPRO training provides science-based information that promotes, guides, and informs ecological, sustainable landscape management for design, build and maintenance professionals. The training is based on 200+ sustainable best practices in the following eight key principles:

- Protecting & conserving soils
- Conserving water
- Protecting water & air quality
- Protecting & creating wildlife habitat
- Conserving energy
- Sustaining healthy plants
- Using sustainable methods & materials
- Protecting human health

Earn Your ecoPRO Certification: Receive marketing advantage with ecoPRO marketing tools, referrals and continuing education. A virtual exam is offered on Friday, October 31, from 9 to 11:30am. *Registration included with training. Must meet eligibility requirements.*

ATTENTION THURSTON COUNTY PROFESSIONALS: Free Books for everyone that services Thurston County and \$125 scholarships for the first eight professionals that register.
