

SEEKING:

GRAPHIC DESIGNER

for Congressional Election 2022

Volunteer Job Description and Objectives

Background

This campaign is driven by the vision that anyone can run for, or in my case roll for office. I say roll because I am wheelchair bound.

Further, in tandem with the statement above, the greater vision is that everyone with the desire to run for office should make the attempt; regardless of wealth, accolade, or connections.

We are almost living in a post COVID world, and the aftermath of it is what I aim to face head on for my district.

This is an active campaign, and thus time sensitive. If interested, please respond by March 2 - 4, 2022.

Your qualifications:

- ★ Hands-on experience with logo design, typography, web layout, image selection
- ★ Decent communication skills
- ★ Responsible and professional
- ★ Timely

Further details will be provided once you join the campaign. This is an unpaid position at this time, but: experience, networking, and recognition by district voters are benefits to expect by assisting this campaign!
