

**FOR IMMEDIATE RELEASE:**

## **CoinLion Announces Advisory Board**

*Dynamic board of advisors to provide strategic input and support*

**Sioux Falls, SD (January 4, 2018)** – [CoinLion](#) (Token Name/Symbol: LION), a simple, powerful, and secure digital asset management platform, has announced the compilation of their [Advisory Board](#). The Advisory Board, which is designed to provide strategic input and support, is comprised of a dynamic group of accomplished individuals with expertise in a variety of industries. CoinLion will look to their board members to provide business, management, and organizational expertise through the many phases of their Token Sale, the launch of their platform, and beyond.

“For CoinLion to grow into a world-class trading platform, we need expertise in a variety of industries and we have accomplished that with our advisory board,” said [Joshua DeWitt](#), CEO and Co-Founder at CoinLion. “We are grateful to have such a strong support system from our advisors.”

CoinLion’s Advisory Board members include:

- **William Bushee** – VP of Bright Planet and Author of *Wired for Coding*
- **Mark Eaton** – NBA All-Star, Author, Entrepreneur, and Award-Winning Speaker
- **Hon. Alex Ferrer** – Former Police Officer, Attorney, Florida Circuit Court Judge, and Host of “Judge Alex”

### **About CoinLion**

CoinLion is dedicated to bringing leadership, stability, and simplicity to digital asset investing through a single, trusted interface. Through our compliant, user-friendly portfolio management platform, CoinLion enables users to purchase and trade with confidence. CoinLion users join a community of cryptocurrency experts, which empowers and incentivizes its members to create and share portfolios, offer trade strategies, and share research they need to make highly informed decisions. This ensures the sustained health and strength of the community and platform as it continues to grow. A native token, LION, can be earned and spent within the platform, based on member contributions and needs within the community. LION will be used as the currency that rewards and incentivizes member contributions to the community and serves as the payment to access these valuable assets. For more information, please visit <https://coinlion.com>. Connect with us [@coin\\_lion](#) on Twitter, [Facebook](#), [Medium](#), [YouTube](#), and [LinkedIn](#).
