

MatrixCare's Solution Roadshow is coming to the Washington D.C., area on Tuesday, June 19 and you're invited to a day of knowledge sharing and networking.

This event will provide LTPAC leaders with the opportunity to meet industry peers while learning how your organization can remain competitive and profitable in the face of changing regulatory requirements and evolving fee-for-value healthcare. You'll also get a glimpse of where technology is headed in terms of patient engagement with a presentation by our special guest, **Sherill Mason, Principal of Mason Advisers, LLC., and Director on the MatrixCare Board.**

In addition, this presentation will show you how providers are using MatrixCare solutions to address specific challenges such as the shift to alternative payment models and more.

Participants will be able to meet with our experts and view demonstrations of specific products in our Solutions Zone. We are delighted to host this ***complimentary*** event in your region and look forward to seeing you there.
