

Participating in Temple Beth Torah Services on YouTube

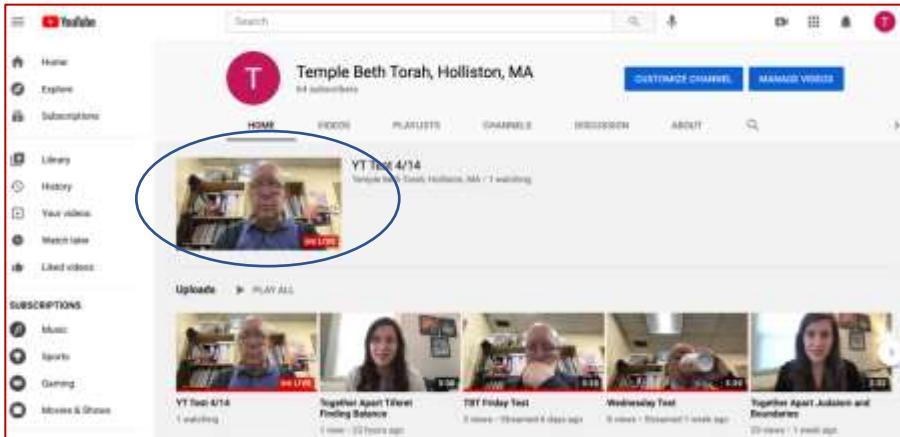

When there are b'nai mitzvot or other special events, TBT uses Zoom for active participants (the Rabbi, gabbaim, b'nai mitzvah families) and streams its services to all others who would like to join us. This is how you stream us on TBT's own YouTube Channel.

At the appointed time for services (or just before), navigate to TBT's YouTube Channel

- From your browser, go to YouTube.com
- In the search box, enter "Temple Beth Torah Holliston MA" ...you will see

- Click on the T to go to our YouTube Channel...you will see

- The event you want to watch will appear where you now see *YT Test 4/14*.
- Just click on it to open it in full screen format.

Just in case...

- If you are a bit ahead of the stream, you may not see the video. Wait one minute and refresh the URL.
- You may also see a greyscale image where the video should be. In the lower right corner of that image, click on the word **LIVE**.

Adjust the volume to your preference and enjoy being a part of the TBT family.
