

Press Parts

imPRESSions Worldwide maintains a very extensive inventory of replacement press parts, auxiliaries and consumables for your Goss, DGM, Tensor and many other types of offset web presses. We are the Goss Graphic Systems China exclusive agent for customers throughout the Americas and are THE best source for legacy Goss controls, electrical and mechanical parts.

As an option to alternative NEW press parts, we can supply virtually any part in excellent USED condition. We have a professional and knowledgeable staff that will accurately and promptly fill your order. In most cases a simple description of the part is all that is necessary. Large or small, overnight or via truck, we can take care of all your parts needs.
