INTRODUCING OUR EXPERTS

Oscar Figueroa Technician

Oscar Figueroa joined imPRESSions as a full-time technician in 2021. He brings serious talents to our team with over 30 years of experience running, rebuilding, installing, and removing presses. He is enthusiastic and knowledgeable on M-110, M-300, M-600, M-2000 with combination folder, PFF, sheeter, and Hantscho Presses. He has worked at some notable commercial print shops from California to Utah and is based out of Las Vegas, NV. He is humble and kind and we are happy to have him on board.

"I am grateful to be a part of this organization and look forward to helping the company be the best in the industry."

Our team has been carefully selected over the decades and has hundreds of years' worth of experience with rotary web offset newspaper, commercial and flexible packaging presses. We work hard, have great passion and are committed to high quality standards as we understand that our success hinges on yours.
