

NOVEMBER 5, 2018

THE DAY BEFORE ELECTION DAY!

Good Afternoon, Farm Bureau Members!

We are coming off a terrific Annual Meeting – our 103rd!!

We had GREAT attendance, a chance to visit with the candidates for governor and lieutenant governor, lots of door prizes, an exciting advocacy workshop from AFBF, robust discussion of our policy for 2019 AND a book signing by a local Vermont author!

There will be more on the Annual Meeting in upcoming newsletters.

BUT NOW: PLEASE VOTE TOMORROW AT YOUR LOCAL POLLS!

There are several hotly contested races in various counties; please make sure you are well-versed on the issues and decide which candidate will help promote (and protect) Vermont Farm Bureau policy! It's always interesting how many folks are reminded of their farming roots when talking to the agricultural community, but they seem to forget those same roots once they get into Montpelier!

This newsletter has tried to keep you updated on friends at the Statehouse as well as those who have stopped listening to us and (even worse) worked against us. Please keep important issues in mind when casting your votes: water quality planning, access to all for nutrient management plans, access to tile drainage mapping, Citizens Right of Action, farm accessory zoning and more. We've covered them all in past issues, including who has helped and who has not!

MAKE YOUR VOICE HEARD! PLEASE VOTE ON TUESDAY, NOV. 6!

Thanks – Joe, Jackie, Lyn and Peggy
