

## Lost And Found

with Sarah Burgess (as part of *DIS/rupt* )

Come and explore a range of mono-print and stitch methods on paper and cloth. we will use provided 'found' objects as both working tools and design inspiration. Stimulated by 'accidental' interventions we will work with mark-making, repeat, changes of scale and cut-outs to develop in your own time. All materials and equipment will be provided but participants may bring their own found objects if they wish.

Sarah Burgess is a member of the Textile Study Group. She is an experienced tutor and artist working with the drawn line in stitch and print on paper and cloth.
