WOMEN LEADING EDUCATION ACROSS CONTINENTS (WLE)

CONFERENCE

THEME: *DIYOSANG MANDIRIGMA* (GODDESS WARRIOR)

The Filipino woman is a blend of beauty and compassion, of strength and courage. Legend has it that once upon a time there was a goddess fondly called Maria Makiling. The *Bathala* (great god) sent her to attend to the needs of the people. Her beauty was breathtaking, and her compassion was comforting. In the same vein, Philippine history boasts of a woman general, Gabriela Silang, who took over after the assassination of her husband. Bravely leading her troops until her capture and death, she was a key figure in the country's struggle for independence.

This image of a woman is idealized not only among Filipinos but also among other cultures. When we think of compassion, we think of a woman's hands--delicate and reaching out to give. When we think of courage, we think of a woman's hands--raised and brandishing a sword. This is the woman; this is WLE.

The ***Women Leading Education Across Continents*** is a group of women from different parts of the world. Its mission is to inspire women to lead in educating and empowering individuals and communities to bring about positive change.
