WHAT EXCITES YOU MOST ABOUT ST. DUNSTAN'S: I was baptized into the Episcopalian faith at St. Dunstan's, when I was young, and that is all I have ever known. When I was in college, I continued the trend by going to St. Thomas Episcopal church in College Station, TX where I met other Episcopalians at Canterbury House, which further strengthened my faith. I've always visited other denominations and friend's churches and enjoyed it just as much, but I love the reverence and beauty of St. Dunstan's. When I graduated and returned to Houston, I continued attending St. Dunstan's and I really enjoyed seeing new faces. What really excites me is how my mentors at church remember me from my childhood days and are so proud of how I've become! What they don't know is that I couldn't have made it without their endless support.
