YOUR OPPORTUNITIES

MAKE A DIFFERENCE and help teens become responsible citizens and future leaders of our nation by volunteering for Youth and Government. We rely on dedicated volunteers to provide their time, expertise and sponsorship support to our amazing program. If you are a business professional, an active or retired attorney, judge, law professor or law grad student, below are some opportunities to make a huge difference in the life of our delegates in Youth and Government.

• **JUDICIAL EVALUATOR (Criminal, Civil or Appellate Attorneys)**
Attorneys are given evaluator packets with the case, program procedures and rules of evidence to review prior to conferences and receive training prior to their evaluation sessions. Knowledge of the case is a plus and will be sent out by request. Evaluators can select to serve all day, morning shift or afternoon shift; average service is 4-6 hours or more, depending on availability and desire. Saturday, March 3r and 4th, 2023

• **LEGISLATIVE (Lobbyist, Government and Business Professionals)**
Volunteers are given Bills and Proposals to evaluate prior to the district conference to evaluate and to send feedback to students on discussion topics and research they should conduct and consider. During district conference volunteers help the students run mock committee evaluation of bills and in the afternoon a joint session. Volunteers can select to serve all day, morning shift or afternoon shift; average service is 4-6 hours or more, depending on availability and desire. Saturday, March 3r and 4th, 2023
