November/December Crossword

Down:

1. The location where the November 3 Roadshow took place
2. The date in Workday when a version of something goes into effect
3. This tenant is our fictional Alma Mater University seen in newsletter training videos and at our roadshows
4. This tenant is a copy of the Production tenant Workday will refresh a few weeks before a big release (we will have 2 big move-to-production aka MTP releases) so we can see what the release looks like before going live.
5. The location where the December 8 Roadshow took place
7. A Workday instance (aka a single occurrence), where ACC "rents" space in the Workday cloud

Across:

6. This tenant is where our real, live data is housed, and what the Workday consultants and ACC team are working on configuring
8. The last name of the sample student used in the November/December Video of the Month
