

CHARLESTON CHARTER School *for* Math + Science

Experience an education engineered for success.

By design, Charleston Charter School for Math and Science is:

- **Small:** A public charter school open to all and serving 560 6th through 12th grade scholars.
- **Engaging:** A rigorous, hands-on, STEM curriculum in a supportive learning environment.
- **Student-focused:** A mission driven commitment to prepare students for success in college and careers with over 90% of our graduates going to college each year.

About CCSMS

- CCSMS is in our 10th year of operation as a public charter school.
- Free transportation is provided from key pick up sites around Charleston County.
- Scholars participate in 19 athletic teams and over 30 student initiated clubs, academic teams, and extracurricular activities.
- CCSMS has one to one technology with individual Google Chromebooks for each scholar.
- STEMester is CCSMS' year long, project based learning experience including service learning opportunities and college visits.
- Senior Seminar provides a special focus during the senior year to ensure a successful transition to college.
- High School students select rigorous AP courses, Dual Credit courses, and Career Pathway courses including: Engineering, Biomedical Sciences, Computer Science, Business Entrepreneurship, and Teacher Cadet

You are invited to experience CCSMS
