**We Need Water**  
**We Need Infrastructure**  
**We Don't Need AB 616**

Agriculture is an essential industry and we worked through the pandemic to keep people fed. Now Ag is lacking something essential to growing food – water. Voters overwhelmingly supported funding for storage and conveyance 7 years ago and now, instead of prioritizing water to our communities, they are prioritizing union politics – even going so far as to throw out the secret ballot election in favor of yearlong mail in card check – AB 616.
