Dear JJ,

I read about your lemonade love for the Critchlow Adkins Children's Center. My heart was very happy to hear about the love you shared with the many people who stopped by your lemonade trailer. I have included a gift for you to give to Miss Marlene.

My family calls me Pat or Patty but your Grumps has and always will call me Zip. You can too if that's okay with your dad. I met Grumps when I was 10 years old and met your dad when he was about 2 months old in Little Silver, NJ. Your Grumps and I have made a lot of memories together. When he met your grandma Robin, I knew he had found the perfect person to build a life with. Friendships are a blessing and as you grow, I hope you also meet someone as great a friend as Grumps was and is!

My husband Joe and I live in New Jersey but often go to Virginia to visit family. When we go past St Michael's, I always think about the Marrah family. Maybe someday soon Joe and I can stop by, and we can have some of your great lemonade.

over please
