pickup, M-F  
10am-4pm*

## Picture Book (Classic), 3 and up

Caldecott Award winning author, Ed Emberley has created an inspired way to help children overcome their fears. As you go through the story, the brilliant die-cut pages of this attention-grabbing book, children watch the Big Green Monster grow and become more frightful with each turn of the page! Then, the author shows the reader the power of their words and imagination. When the kids are ready to show the monster who is in charge, they make him go away with every turn of the page.

Ed Emberley's book is a great way to teach kids how to master their fear and how to control their emotions through engagement. See why this book has sold 1 million + and has been a favorite for decades and continued to remain a staple for the past 28 years.
