

# ***Successfully Treating Snoring & Sleep Apnea in the Dental Office***

**John Nadeau**

## **About the speaker:**

Sleep Group Solutions (SGS) Vice President John Nadeau has been actively involved in the dental sleep medicine community since 2002. He has worked with several hundred dentists in the field and helped many of them get started with sleep in their own practices. An expert on airway acoustic imaging and home sleep testing John authored the SGS protocol manual detailing the steps-by-step process involved in taking a patient from initial screening through diagnosis, treatment and follow-up. John's passion for dental sleep medicine comes through strongly in his lectures, and he has been an invited guest instructor at many dental meetings and teaching facilities across North America.

## **Course Description**

Mr. Nadeau will teach the proper way to treat patients with sleep apnea and share the pro's and con's of all the appliances so you'll leave with a wealth of knowledge and unbiased information. With a provided step-by-step protocol that details each appointment, Mr. Nadeau's goal is for every course attendee to be trained and prepared to begin treating sleep disordered breathing in their practice immediately.

## **Learning Objectives**

- To provide the attendees with the knowledge of patient screening, diagnosis and treatment modalities for Obstructive Sleep Apnea (OSA)
- To enable the attendees to have a hands-on experience with OSA diagnostic equipment
- To encourage and enable the continuation of education in sleep dysfunction in order to provide service to the millions of sleep apnea sufferers.
