FOR SMOOTHEST EXPERIENCE AND EASE OF ACCESS...

Connect with: laptop, Chromebook, or tablet for file sharing and touch screen collaboration **OR** iPhone app or Android app if you

Listen with: Ear buds or headset to minimize microphone feedback and ambient noise interruptions in the session

Learn with: ZOOM VIDEO GUIDES! Especially, if you are new to the Zoom environment, a little preview can make it a lot easier! Links provided in the Canvas.

WHAT TO EXPECT WHEN YOU ARRIVE IN ZOOM

In Canvas, you will find the virtual Student Success Center link that will give you access to our front lobby and they will move you into whatever tutoring session you are interested in. Currently we are only offering Math tutoring. As more and more tutors are trained, we will update the schedule at the same link to include subjects in Sciences, ESL, and writing help.

Students can stay in their session as long as they, the tutor, and other students are working. Please be patient as all staff and tutors are transitioning to work online and improvements will be made along the way. We do have a specific tutor to assist with general questions related to using Canvas and Zoom, providing support for students needing extra help working online.

WRITING HELP

Currently we are referring all students to NetTutor for writing help until we work on getting our Writing Center online. Please go to <https://www.cuesta.edu/student/resources/ssc/onlinetutoring.html> for assistance and refer to our website for updates on Writing Center support.
