

LIVE AUCTION: Golfer's Paradise in New Zealand

This once in a lifetime trip, transports you and three guests to the east coast of New Zealand to experience Golf Digest's #2 ranked course in the world, Tara Iti. This private golf oasis, built by legendary designer, Tom Doak, provides a stunning combination of land and sea with ocean views from nearly every hole.

At Tara Iti, you will find the quintessential New Zealand feel—relaxed, friendly and welcoming with the service and facilities of a world-class club. Golf Digest writes “this might be New Zealand's answer to Pebble Beach's Carmel Bay.”

Get ready for one of the most unforgettable golf experiences of your life as you will play three different courses during your stay. First, Tara Iti, a near impossible to secure experience. Designers spent more than two years thoughtfully designing this course, gently re-sculpting the land and leading with nature. Next, Te Arai North which starts and finishes along the ocean while Te Arai South boasts sand dunes and landforms sculpted by the wind. You can enjoy all three courses unescorted.

This incredible package includes two nights at the luxurious Te Arai Cottages with jaw-dropping views of the course and the Pacific Ocean. Each of your two

cottages, featuring interiors designed by Jenni Kayne, include two bedrooms, two baths, and a living room. Each 1,500+ square foot cottage sleeps up to six (4 adults and 2 children under 16) and includes à la cart breakfast. This amazing trip also includes four \$5,000 Air New Zealand airline vouchers for direct travel between Chicago and Auckland. All ground transportation to and from Auckland as well as greens fees are included. Opportunities like this only come around once, what are you waiting for?

VALUE: \$65,000

A Golfer's Paradise in New Zealand was generously donated by The Goodwillie Family and Kayne Anderson. This trip can be booked beginning January 1, 2024. Golf course blackout dates for this trip include Member and Member Guest Tournaments and scheduled Golf Course Maintenance dates.
