

## SWITZERLAND POINT INTRAMURALS

Dear Parents:

The Switzerland Point Middle School Intramural Program provides recreational opportunities for all students. Each activity is supervised and structured within the school. Regardless of the student's ability or gender, intramurals "**emphasis is FUN**". Intramurals will meet Tuesday and Thursday from 2:00 to 3:00. Activity buses are **NOT** provided. Students must provide their own transportation. Please be sure to arrive promptly. Students with failing grades on **Interim Reports or Report Cards** may be suspended from the activity until satisfactory progress has been made. Students that are **suspended (OSS)** from school will not be permitted to participate until the next session of activities. Students with **two unexcused** absences will automatically be dismissed from the program.
