

# Life Insurance coverage faster and more affordable than you think

Dear Farmers Client,

If you are generally healthy and between the ages of 18 and 55, you may qualify for accelerated underwriting for a Farmers New World Life Insurance Company's Farmers Value Term®1 life insurance policy, with potential coverage up to \$1,000,000®2.

Accelerated underwriting is faster because it offers an innovative approach to qualify healthy individuals for life insurance based off Motor Vehicle Reports, the Medical Information Bureau, and prescription databases. These can help make an underwriting decision faster and potentially without invasive medical exams®3.

Also, term life coverage is very affordable in that it allows you to buy more coverage for a smaller premium. Speaking of premiums, the general rule is that the younger you are, the less you'll pay in premiums, so it just makes perfect sense to buy life insurance as early in life as possible.
