

COVID-19 VACCINE “TOWN HALL” WEBINAR SERIES

Join the doctors of StationMD to learn about the COVID-19 vaccine:

- How the vaccines work
- How vaccines are tested and approved
- The benefits and risks

Following our brief presentation, we will open for questions about the vaccine for you and those that you support.

- Who should get the vaccine?
- Who should not get the vaccine?
- Do you need to be tested before getting the vaccine?

The webinar series will be led by a panel of esteemed physicians with a special dedication to individuals with IDD, and their circles of support.

There is limited room in each session, so please register early at the links below:

Thursday, January 7 11am-12pm EST → [REGISTER HERE](#)
