The Business Administration Program prepares a diverse group of students to succeed as the future managers and leaders within our local communities. The program supports students’ needs to acquire skills that will allow them to establish a career and/or become more productive in their current organizations.

We are particularly committed to helping students become professionals who are capable of thinking critically, working in teams, utilizing technology, and communicating ideas effectively in a global economy.

An Associate of Applied Science (AAS) in Business Administration with a Business Management specialty emphasizes developing varied skills for a range of jobs in business management. The program focuses on management, human resources, operational and team building skills that are crucial to running a business.

Individuals who are looking to advance their careers in management will gain a thorough understanding of the essentials of successful business practices.
