eSports Management is a concentration in the field of Business Administration. This rapidly growing and exciting field is designed to prepare you for careers in eSports administration and management by developing skills needed to become a future leader in the eSports community. By providing a vigorous business background in which critical thinking, working in teams, technology utilization, and effective communication are stressed, you will have the skills needed to be successful.

At **LSC-Houston North Fallbrook**, you can learn from our knowledgeable faculty, earn practical experience in our state-of-the-art computer labs, and obtain your Level II Certificate in eSports Management.

WHAT ARE WORKFORCE PROGRAMS?

A workforce program is a short-term academic program designed to increase employment initiatives through the support and guidance of community agencies, companies, and organizations. Lone Star College-Houston North believes that a strong collaboration with the surrounding community helps create and sustain a viable workforce.

Workforce programs allow individuals the ability to grow their skills, knowledge, and develop the tools they need for business success. Lone Star College-Houston North provides hands-on training to ensure that each individual can become more productive and prosperous in the workplace.
