CONSOLIDATION

TRT International has over 25 years of experience in export consolidation. Our shipping experts are both extremely experienced and skilled to assist you with any type of loading you may have. LTL consolidation and cargo consolidation can help you to establish and support an effective supply chain that will get your shipment delivered to your desired destination in the most efficient way possible.

BOAT SHIPPING

TRT International specializes in shipping any size boats and yachts overseas in containers, on flat-racks, and via roll-on/roll-off service. We can ship your boat worldwide! We have a highly experienced boat shipping team. We specialize in shipping boats and yachts of all sizes.

OOG CARGO

TRT International warehouse personnel and OOG cargo department are trained professionals and highly experienced in the safe handling of project type cargo. We are equipped with special handling equipment such as: large forklifts ranging from 10 ton to 35 ton capacity each, two - 45 ton reach stackers to handle containers and OOG transloads, double-drop trailers and step decks for OOG deliveries and pickups.

EXPORT CRATING

TRT International has the equipment and experience to provide essentially any type of crating you may require. We can provide machinery crating up to 90,000 pounds. Preparing your cargo for local, national or international transport, by land, sea or air.

LOCAL DRAYAGE

TRT International, LTD, provides drayage services in all of the tri-state area of NY, NJ & CT, as well as eastern PA. We run a late model fleet of Freightliner day-cabs, and we have over 400 TRT International-owned chassis (including tri-axle) and trailers. We offer some of the best drayage and transloading rates available for any type of shipment.

TRANSLOADING

Whether your cargo is pallets, bulk, steel rolls, motorcycles, automobiles, boats, construction equipment or heavy machinery, we have the expertise and equipment required to safely and efficiently transload your cargo. Our main warehouse is located in Port Newark NJ, minutes away from all the essential terminals. Our close proximity to all of the container terminals within the Port Newark/Elizabeth allows us to react and pick up or deliver to any pier at a quick speed. Our team of experts in drayage and port logistics will work diligently to keep your freight moving.

ADVANTAGES WITH TRT
