

Multi-drug Resistant Organisms and Long-term Care: Local Epidemiology and Infection Control Response

Meet our speakers

Amy Recker, MPH
Epidemiologist
MA Department of Public Health

Ms. Recker is an epidemiologist in the Division of Epidemiology at the Massachusetts Department of Public Health. She joined the Division in 2019 after serving several years as an epidemiologist with the Illinois Department of Public Health, where her work focused on CRE, *Candida auris*, and other multi-drug resistant organisms.

Ms. Recker earned her master's degree in public health with a concentration in epidemiology and biostatistics from the University of Southern California.

Melissa Cumming, MS, CIC
Epidemiologist AR Coordinator
MA Department of Public Health

Ms. Cumming is a senior epidemiologist in the Division of Epidemiology and has been with the Massachusetts Department of Public Health for 20 years. She is the state's antibiotic resistance coordinator and is responsible for statewide response to multi-drug resistance and antibiotic stewardship efforts.

Ms. Cumming earned her master's degree in environmental health with a concentration in epidemiology and biostatistics from Tufts University and is board certified in infection control.
