SO
MUCH
FUN

We sent parents a survey following each week's camp to find out what they thought about our first Virtual Camp. Here are a few of the comments.

Comments from Parents

"I liked the hands on activities and the alcohol prevention session. Kind and professional instructors."

"I really liked all the activities that the kids did. They were busy all morning doing fun things instead of watching t.v. or playing video games."

"I love that y'all took the time and resources to do this for kiddos during this time. My 8-year-old and 13-year-old enjoyed painting and having guided activities."

"My daughter loved every single one of the activities. She is an introvert and did not use the camera, but was participating at all times. I am currently working from home and I could hear her laughing throughout the day. She was also eager to show me her finished projects. She told me that she loved it and thanked me for signing her up, even though I didn't first consult with her about it!"

More Comments from Parents

"The activities were great. My child was engaged and looked forward to each day."

"I am Michael's mother. He truly enjoyed this year's virtual camp. The projects were expertly packed in his awesome camp bag! I am impressed, not to mention his backpack that he will utilize at school!"

"Thank you so very much for this Virtual Camp. You will never know how much it meant to my kids. They have been home since all of this pandemic started and I'm so glad to say that you guys helped them forget about everything that is going on with the COVID-19 for two weeks - since one of them is 9 and the other one 11. May God bless every single one of you who helped to make this Virtual Camp possible. Thank you so very, very much!"

"I really like the projects and the way you explained how to deal with stress and the risks with alcohol."

" My daughter enjoyed the camp soooooo much! Y'all were so generous with the supplies and the crafts were amazing. Thank you for teaching her about alcohol and drug awareness."
